DEVELOPMENT SECTION

362. Cock/Drake

363. Hen/Duck

This class is useful for breeders who are in the process of establishing a new variety of an established breed, or even for the demonstration of a breed that is recognised in another country and for which a reputable Standard exists. It is part of the process of gaining acceptance for these new varieties or breeds where examples are shown to the public and to the exhibition community. This class is not a class for hybrids or crossbreeds, but for new varieties or breeds that are currently not listed in our Australian Poultry Standards.

Developmental entries are therefore not eligible for higher awards.

Exhibitors are to supply the standard they are aiming to achieve for judges reference.
