Hints and definitions from Judges

- **Bowl** is defined as a circular or oval vessel whose smallest diameter measures across the top more than the height.
- A **collection** is judged on quality, freshness and variety, not quantity of any one variety.
- Single Stem Flower: Example – Gerbera, Calendula, Poppy etc.
- **Spike**: A group or cluster of flowers attached to one stem without laterals.
- **Container**: is any vessel that can be used for an arrangement.
- Exhibition of cut flowers where possible in green,(preferred) brown or clear but exhibitors must supply their own
- **Distinct** means each bloom must be different.
- **BOTTLES** for flowers can be green, brown or clear but exhibitors **must supply their own**
- Cut Coleus 3 days before needed. Immerse stems in water to prevent drooping on judging day.
- Insert small wad of newspaper behind single stem to make stem firm & prevent container from falling over.
- The use of a small tube inserted in neck will hold flower in bottle approx 6cm above neck.
- No wires.
- Novice is open to exhibitors not having won a first prize in the Rose section at Warwick Show
- We encourage entries from those with a disability. Please ask a steward if assistance is required.

Because of public interest in your plants, would exhibitors Please supply names (where possible) of blooms and container plants, on the BACK of your entry ticket which you will receive at the Pavilion.
